

HAGEMEISTER ENTERPRISES INC

YOUR AUTO & HEAVY DUTY ELECTRICAL SUPPLY SPECIALIST

Capability Statement

www.heielectric.com

Hagemeister Enterprises Inc began in 1970 as a full line rebuilder of starters, alternators, generators, and magnetos, allowing Hagemeister's to provide a unique service to customers. Fast forward to 2019 and that "Unique Service" statement has never been so true. While we proudly still provide this rebuilding option for customers across the country, we also offer New Units at competitive prices, with two major differences; ACCOUNTABILITY & KNOWLEDGE. Hagemeister's wants you to walk out knowing more than when you walked in. We hold ourselves accountable for the information and products we provide. Larry Hagemeister, President of HEI, attends conferences every year to keep himself current on material regarding the Auto and Heavy Duty Electrical Industry, so that he can provide the most up-to-date information possible.

Contact Information
